Weekly Progress Report

Project Group:

15

Team Members:

No	Name	Reg. No.
1	M.Y.M. Pinthu	2021 / ICT / 06
2	H.A.K.C. Madushanka	2021 / ICT / 29
3	M.A.M. Vijerathna	2021 / ICT / 32
4	B.S.M.P. Jayathilake	2021 / ICT / 52
5	A. Shiromi	2021 / ICT / 86
6	U. Rajeevani	2021 / ICT / 91
7	B. Vishnutharan	2021 / ICT / 106

Project Title:

Online Vehicle Gatepass Management System

Duration

Date (From):

18.11.2025

Date (To):

25.11.2025

Work completed for this week:

we conducted separate testing for both the frontend and backend components before integrating them into the full system.

Work Plan for the upcoming week:

combine Frontend part and Backend part .

- * combine the separately developed frontend (UI) and backend (API) into one working System

Perform full System testing .

Documentation and reporting part

- * final reports
- * user manual

Supervisor's Observations:

Good

Satisfied

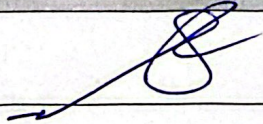

Acceptable

X

Worse

Any other comments:

Expecting to utilize the vrs at their level best.
